Key Words Used in This Handbook

As you read this handbook, you may see some new words. Here is what we mean when we use them.

Adult Care Home: A licensed residential care setting with seven or more beds for elderly or disabled people who need some additional supports. These homes offer supervision and personal care appropriate to the person's age and disability.

Adult Preventive Care: Care consisting of wellness checkups, patient counseling and regular screenings to prevent adult illness, disease and other health-related issues.

Advance Directive: A written set of directions about how medical or mental health treatment decisions are to be made if you lose the ability to make them for yourself.

Advanced Medical Home Plus (AMH+): Certified primary care practices whose providers have experience delivering primary care services to Tailored Plan members, including people with behavioral health, intellectual or developmental disabilities (I/DD) or traumatic brain injuries (TBI). These providers are also certified to provide care management to you if you are assigned to their practice.

Adverse Benefit Determination: A decision your health plan can make to deny, reduce, stop or limit your health care services.

Appeal: If the health plan makes a decision you do not agree with, you can ask them to review it. This is called an "appeal." Ask for an appeal when you do not agree with your health care service being denied, reduced, stopped or limited. When you ask your health plan for an appeal, you will get a new decision within 30 days. This decision is called a "resolution." Appeals and grievances are different.

Behavioral Health and Intellectual/Developmental Disabilities (I/DD) Tailored Plan: A North Carolina managed care health plan that offers physical health, pharmacy and behavioral health services, including services that are not offered by Standard Plans, for members who may have significant mental health needs, intellectual/developmental disabilities (I/DDs), traumatic brain injuries (TBIs) or severe substance use disorders. For this handbook, the Behavioral Health and Intellectual/Developmental Disabilities (I/DD) Tailored Plan will be referred to as the "Tailored Plan."

Behavioral Health Care: Mental health and substance use disorder treatment and recovery services.

Beneficiary: A person who is receiving Medicaid or NC Health Choice.

Benefits: A set of health care services covered by your health plan.

Care Coordination: A service where a care coordinator or care manager helps organize your health goals and information to help you achieve safer and more effective care. These services may include, but are not limited to, identification of health service needs, determination of level of care, addressing additional support services and resources or monitoring treatment attendance.

Care Management: A service where a care manager can help you meet your health goals by coordinating your medical, social and behavioral health services and helping you find access to resources like transportation, healthy food and safe housing.

Care Management Agency (CMA): Provider organization with experience delivering behavioral health, I/DD and/or TBI services to Tailored Plan members and will deliver integrated, whole person care management services to Tailored Plan members. These providers are certified to provide care management to you.

Early and Periodic Screening, Diagnostic and Treatment (EPSDT): A Medicaid benefit that provides comprehensive and preventive health care services for children under 21 who receive Medicaid. When children need medical care, services are not limited by Sandhills Center’s coverage policies. Medicaid makes sure that members under age 21 can get the medical care they need, when they need it, including health care services to prevent future illnesses and medical conditions. The EPSDT benefit does not apply to children enrolled in NC Health Choice.

Early Intervention: Services and support available to babies and young children with developmental delays and disabilities and their families. Services may include speech and physical therapy and other types of services.

Fair Hearing: See “State Fair Hearing.”

Grievance: A complaint about your health plan, provider, care or services. Contact your plan and tell them you have a “grievance” about your services. Grievances and appeals are different.

Habilitation Services and Devices: Health care services that help you keep, learn or improve skills and functioning for daily living.

Primary Care Provider or Primary Care Physician (PCP): The doctor or clinic where you get your primary care (immunizations, well-visits, sick visits, visits to help you manage an illness like diabetes). Your PCP should also be available after hours and on weekends to give you medical advice. They also refer you to specialists (cardiologists, behavioral health providers) if you need it. Your PCP should be your first call for care before going to the emergency department.

State Fair Hearing: When you do not agree with your health plan's resolution, you can ask for the state to review it. The NC Office of Administrative Hearings (OAH) will conduct your State Fair Hearing. The judge will carefully review Sandhills Center's resolution. The judge does not work for your health plan. You may give the judge more medical updates. You may also ask questions directly to a member of the team who worked on your resolution.

Telehealth: Use of two-way real-time interactive audio and video to provide and support health care services when participants are in different physical locations.

The Tailored Plan providing services in Cumberland, Durham, Johnston and Wake counties manages this special program. The NC TBI Waiver does not operate in all geographic areas of the state.

Urgent Care: Care for a health condition that needs prompt medical attention but is not an emergency medical condition. You can get urgent care in a walk-in clinic for a non-life-threatening illness or injury.

NC Medicaid Managed Care Behavioral Health and I/DD Tailored Plan

This handbook will help you understand the Medicaid health care services available to you. You can also call Member and Recipient Services with questions at 1-800-256-2452 or visit our website at <https://www.sandhillscenter.org/>.

How the Tailored Plan Works

Welcome to Sandhills Center's Tailored Plan. Sandhills Center is a Tailored Plan approved by North Carolina. The Tailored Plan is a type of managed care health plan that provides Medicaid members with integrated physical health, pharmacy, behavioral health, intellectual/developmental disability (I/DD) and traumatic brain injury (TBI) services to meet their health care needs. In this handbook, "behavioral health" means mental health and substance use disorders.

We are a special health care plan with providers who have a lot of experience helping people who may need behavioral health, I/DD and/or TBI care to stay healthy. We also provide tailored care management services to work with you and a care team to keep you as healthy as possible and to make sure your services are well coordinated to meet your needs.

Many Medicaid members now get their health care through managed care. Managed care works like a central home to coordinate your health care needs. As a member of Sandhills Center, you have all of the standard Medicaid benefits, plus additional behavioral health, I/DD and TBI services to help keep you healthy available to you.

Sandhills Center offers:

- Physical health services
- Pharmacy services
- Certain long-term services and supports
- Medicaid covered behavioral health services, including 1915(i) services

Sandhills Center offers eligible individuals:

- Specialized I/DD and NC Innovations Waiver services
- Specialized TBI waiver services
- Other State-funded behavioral health, I/DD and TBI services

As a member of Sandhills Center, you may be eligible to have a care manager who will work with your health care providers to pay special attention to your complete care needs. The care manager can help make sure you get the medical, behavioral health, I/DD, TBI and additional care beyond medical needs you may need, such as help with housing or food assistance.

You Have a Health Care Team. To meet the health care needs of people with NC Medicaid, Sandhills Center partners with a group of health care providers (doctors, therapists, specialists,

hospitals, home care providers and other health care facilities) who make up our **provider network**.

- When you join Sandhills Center, our provider network is here to support you. If you need to have a test, see a specialist or go into the hospital, your PCP can help arrange it. Your PCP is available to you day and night. If you need to speak to your PCP after hours or weekends, leave a message and how you can be reached. Your PCP will get back to you as soon as possible. Even though your PCP is your main source for health care, in some cases you can go to certain doctors for some services without checking with your PCP. See page 29 for details.
- You can visit our website at <https://www.sandhillscenter.org/> to find the provider directory online or call Member and Recipient Services at 1-800-256-2452 to get a copy of the provider directory.

How to Choose Your PCP

- Your primary care provider (PCP) is a doctor, nurse practitioner, physician assistant or other type of provider who will:
 - Care for your health
 - Coordinate your needs
 - Help you get referrals for specialized services if you need them
- As a Medicaid member, you had an opportunity to choose your own PCP. If you did not select a PCP, we chose one for you based on your past health care. You can find your PCP's name and contact information on your Medicaid card. If you would like to change your PCP, you have 30 days from the date of receiving this packet to make the change. (See "How to Change Your PCP" on page 26 to learn how to make those changes.)
- When deciding on a PCP, you may want to find a PCP who:
 - You have seen before
 - Understands your health history
 - Is taking new patients
 - Can serve you in your language

- Is easy to get to
- Each family member enrolled in Sandhills Center can have a different PCP, or you can choose one PCP to take care of the whole family. A pediatrician treats children. Family practice doctors treat the whole family. Internal medicine doctors treat adults. Call Member and Recipient Services at 1-800-256-2452 to get help with choosing a PCP that is right for you and your family.
- You can find the list of all the doctors, clinics, hospitals, labs and others who partner with Sandhills Center in our provider directory. You can visit our website at https://shcextweb.sandhillscenter.org/shc_providersdirectory/ to look at the provider directory online. You can also call Member and Recipient Services at 1-800-256-2452 to get a copy of the provider directory.
- Women can choose an OB/GYN to serve as their PCP. Women do not need a PCP referral to see a health plan OB/GYN doctor or another provider who offers women's health care services. Women can get routine check-ups, follow-up care if needed and regular care during pregnancy.
- If you have a complex health condition or a special health care need, you may be able to choose a specialist to act as your PCP. For more information or to request to choose a specialist as your PCP, call Member Services at 1-800-256-2452 (TTY 1-866-518-6778). We will work with you to help coordinate the care that you need as appropriate to your condition or diagnosis.

If Your Provider Leaves Our Health Plan Network

- If your provider leaves Sandhills Center, we will tell you within 15 days from when we know about this. If the provider who leaves Sandhills Center is your PCP, we will tell you within 7 days and help make sure you select a new PCP within 30 days of contacting you.
- If your provider leaves our network, we can help you find a new one.
- Even if your provider leaves our network, you may be able to stay with your provider for a while longer in certain situations.
- Please read "Your Care When You Change Health Care Providers" under Part III, Plan Procedures on page 64 for more information about how long you can stay with a provider who has left our network.
- If you have any questions about the information in this section, please visit our website <https://www.sandhillscenter.org/> or call Member and Recipient Services at 1-800-256-2452/1-866-518-6778 (TTY).

How to Change Your PCP

- You can find your primary care provider's (PCP's) name and contact information on your Medicaid card. You can change your PCP within 30 days from the date you receive your Medicaid card. To change your PCP, call Member and Recipient Services at 1-800-256-

2452. After that, you can change your PCP only 1 time each year. You do not have to give a reason for the change.

- To change your PCP more than once a year, you need to have a good reason (good cause). For example, you may have good cause if:
 - Your PCP does not provide accessible and proper care, services or supplies (for example, does not set up hospital care or consults with specialists when required for treatment).
 - You disagree with your treatment plan.
 - Your PCP moves to a different location that is not convenient for you.
 - Your PCP changes the hours or days that patients are seen.
 - You have trouble communicating with your PCP because of a language barrier or another issue.
 - Your PCP is not able to accommodate your special needs.
 - You and your PCP agree that a new PCP is what is best for your care.

Call Member and Recipient Services at 1-800-256-2452 to learn more about how you can change your PCP.

How to Get Regular Health Care

- “Regular health care” means exams, regular check-ups, shots or other treatments to keep you well and address illness or other symptoms. It also includes giving you advice when you need it and referring you to the hospital or specialists when needed. You and your primary care provider (PCP) work together to keep you well or to see that you get the care you need.
- Your PCP is always available. Call your PCP when you have a medical question or concern. If you call after hours or on weekends, leave a message and where or how you can be reached. Your PCP will call you back as quickly as possible. Remember, your PCP knows you and knows how your health plan works.
- Your PCP will take care of most of your health care needs, but you must have an appointment to see your PCP. If you ever cannot keep an appointment, call to let your PCP know.
- **Making your first regular health care appointment.** As soon as you choose or are assigned a PCP, if it is a new provider, call to make a first appointment. It is best to visit your PCP within 3 months of joining the health plan. There are several things you can do to help your PCP get to know you and your health care needs.
- How to prepare for your first visit with a new provider:
 - Request a transfer of medical records from your current provider to your new PCP.

- Make a list of health concerns you have now, and be prepared to discuss your general health, past major illnesses, surgeries and other health issues.
- Make a list of questions you want to ask your PCP.
- Bring medications and supplements you are taking to your first appointment.
- **If you need care before your first appointment**, call your PCP's office to explain your concern. Your PCP will give you an earlier appointment to address that particular health concern. You should still keep the first appointment to talk about your medical history and ask questions.
- It is important to Sandhills Center that you can visit a doctor within a reasonable amount of time. The Appointment Guide (below) lets you know how long you may have to wait to be seen.

How to Get Specialty Care – Referrals

- If you need specialized care that your primary care provider (PCP) cannot give, your PCP will refer you to a specialist who can. A specialist is a doctor who is trained and practices in a specific area of medicine (like a cardiologist or a surgeon). If your PCP refers you to a specialist, we will pay for your care if it is medically necessary. Most specialists are Sandhills Center providers. Talk with your PCP to be sure you know how referrals work. See below for the process on referrals to a specialist who is not in our provider network.
- If you think a specialist does not meet your needs, talk with your PCP. Your PCP can help you find a different specialist.
- There are some treatments and services that your PCP must ask Sandhills Center to approve before you can get them. Your PCP will tell you what those services are.
- If you have trouble getting a referral you think you need, contact Member and Recipient Services at 1-800-256-2452.

Out-of-Network Referral

- If Sandhills Center does not have a specialist in our provider network who can give you the care you need, we will refer you to a specialist outside our health plan. This is called an out-of-network referral. Your PCP or another network provider must ask Sandhills Center for approval before you can get an out-of-network referral.

Single Case Agreements are used for cases where the services of a non-contracted specialist or provider outside the Sandhills Center Network are needed. Single Case Agreements are requested either through our Care Management department directly from the non-contracted provider, or the provider may contact the Network Development Contract Specialist directly at providersca@sandhillscenter.org. The provider is required to submit a completed application along with the documentation to prove the need for the service. Once the completed application is received from the provider, the application will be processed, and a determination will be made within 10 business days from the day of receipt. Members can contact the Network Development Contract Specialist directly at 336-389-6184 to inquire on the status of the request. The

Network Development Contract Specialist will notify the provider and member of the decision in writing.

- Sometimes we may not approve an out-of-network referral because we have a provider in Sandhills Center who can treat you. If you do not agree with our decision, you can appeal our decision. See page 58 to find out how.
- Sometimes, we may not approve an out-of-network referral for a specific treatment because you asked for care that is similar to what you can get from a Sandhills Center provider. If you do not agree with our decision, you can appeal our decision. See page 58 to find out how.

If you have a complex health condition or a special health care need, you may be able to choose a specialist to act as your PCP. For more information or to request to choose a specialist as your PCP, call Member and Recipient Services at 1-800-256-2452 (TTY 1-866-518-6778). We will work with you to help coordinate the care that you need as appropriate to your condition or diagnosis.

Out-of-Network Providers

If we do not have a specialist in our provider network who can give you the care you need, we will get you the care you need from a specialist outside our health plan, or an out-of-network provider. For more information about getting services from an out-of-network provider, talk to your primary care provider (PCP) or call Member and Recipient Services at 1-800-256-2452.

Get These Services from Sandhills Center Without a Referral

A referral is a documented order from your provider for you to see a specialist or receive certain medical services. You do not need a referral to get these services:

Primary Care

You do not need a referral to get primary care services. If you need a check-up or have a question about your health, call your PCP to make an appointment. Your assigned PCP's name and contact information are listed on your Medicaid card.

Behavioral Health Services

You do not need a referral for your first behavioral health or substance use disorder assessment completed in a 12-month period. Ask your PCP or call Member and Recipient Services at 1-800-256-2452 for a list of mental health providers and substance use disorder providers. You can also find a list of our behavioral health providers online at <https://www.sandhillscenter.org/>.

You do not need a referral from your PCP to get mobile crisis services. Mobile crisis services are teams who can meet you in a safe location, including your home, school or office to help you if you are experiencing a behavioral health crisis. Call the Behavioral Health Crisis Line at 1-833-600-2054, at any time, 24 hours a day, 7 days a week if you are experiencing a behavioral health crisis.

- You need OB/GYN services.
- You need family planning services.
- You need to have a breast or pelvic exam.

Family Planning

You can go to any doctor or clinic that takes Medicaid and offers family planning services. You can also visit one of our family planning providers. You do not need a referral from your PCP for family planning services. Family planning services include:

- Birth control
- Birth control devices such as IUDs, implantable contraceptive devices and others that are available with a prescription
- Emergency contraception
- Sterilization services
- HIV and sexually transmitted infection (STI) testing, treatment and counseling

You do not need a referral to get services from your local health department.

Emergencies

You are always covered for emergencies. An emergency medical or behavioral condition is a situation in which your life could be threatened, or you could be hurt permanently if you don't get care right away. Some examples of an emergency are:

- A heart attack or severe chest pain
- Bleeding that will not stop or a bad burn
- Broken bones
- Trouble breathing, convulsions or loss of consciousness
- When you feel you might hurt yourself or others
- If you are pregnant and have signs like pain, bleeding, fever or vomiting

- Drug overdose

Some examples of **non-emergencies** are colds, upset stomach or minor cuts and bruises. Non-emergencies may also be family issues or a break-up.

If you believe you have an emergency, call 911 or go to the nearest emergency department.

- You can go to any hospital or other setting to get emergency care.
- You **do not** need approval from your health plan or your PCP before getting emergency care, and you are not required to use our hospitals or doctors.
- **If you are not sure, call your primary care provider (PCP) at any time, day or night.**

Tell the person you speak with what is happening. Your PCP's team will:

- Tell you what to do at home.
- Tell you to come to the PCP's office.
- Tell you about community services you can get, like a shelter.
- Tell you to go to the nearest urgent care emergency department.

Remember: If you need to speak to your PCP after hours or weekends, leave a message and how you can be reached. Your PCP will get back to you as soon as possible.

- **If you are out of the area when you have an emergency:**
 - Go to the nearest emergency department.

Remember: Use the Emergency Department only if you have an emergency. If you have questions, call your PCP or Sandhills Center Member and Recipient Services at 1-800-256-2452.

If you need help with a mental health or drug use situation, feel stressed or worried or need someone to talk to, you can call the Behavioral Health Crisis Line at 1-833-600-2054, at any time, 24 hours a day, 7 days a week.

Urgent Care

You may have an injury or an illness that is not an emergency but still needs prompt care and attention. This could be:

- A child with an earache who wakes up in the middle of the night and will not stop crying
- The flu
- A cut that needs stitches
- A sprained ankle
- A bad splinter you cannot remove

Whether you are at home or away, you can walk into an urgent care clinic to get care the same day or make an appointment for the next day. If you would like assistance making an appointment:

- Call your PCP any time day or night.
- If you are unable to reach your PCP, call Member and Recipient Services at 1-800-256-2452. Tell the person who answers what is happening. They will tell you what to do.

Care Outside North Carolina and the United States

In some cases, Sandhills Center may pay for health care services you get from a provider located along the North Carolina border or in another state. Your PCP and Sandhills Center can give you more information about which providers and services are covered outside of North Carolina by your health plan and how you can get them if needed.

- If you need medically necessary emergency care while traveling anywhere **within** the United States and its territories, Sandhills Center will pay for your care.
- Your health plan will not pay for care received **outside** of the United States and its territories.

If you have any questions about getting care outside of North Carolina or the United States, talk with your PCP or call Member and Recipient Services at 1-800-256-2452.

You may get LTSS in your home, in a community or in a nursing home.

- If you need LTSS, you may have a care manager on your care team. A “care manager” is a specially trained health professional who works with you and your doctors and other providers of your choice to make sure you get the right care when and where you need it. For more information about what a care manager can do for you, see “Extra Support to Manage Your Health” on page 44.
- If you are leaving a nursing home and are worried about your living situation, we can help. Our Housing Specialist can connect you to housing options. Call Member and Recipient Services at 1-800-256-2452 to learn more.

If you have questions about using LTSS benefits, talk with your PCP, a member of your care team or call Member and Recipient Services at 1-800-256-2452.

In Lieu of Services

Sandhills Center offers services or settings that are medically appropriate, cost-effective substitutions for services covered by NC Medicaid. These are called “in lieu of” services. Please reference the “List of Available In Lieu of Services” insert provided with this handbook. For a full list of in lieu of services provided visit <https://www.sandhillscenter.org/>.

Members have the right to refuse the substitution and receive the original state plan or waiver service instead. For more information about these services, call Member and Recipient Services at 1-800-256-2452.

State-funded Services

Sandhills Center offers additional behavioral health, I/DD and TBI services to residents who may not have Medicaid, are uninsured or may be underinsured. These services are called “State-funded services.” The availability of these services may be different from some Medicaid services and may be available on a limited basis.

If you have any questions about State-funded services, talk to your PCP or call Member and Recipient Services at 1-800-256-2452.

Extra Support to Manage Your Health (Tailored Care Management)

Managing your health care alone can be hard, especially if you are dealing with many health problems at the same time. If you need extra support to get and stay healthy, we can help. As a member of Sandhills Center, you may be eligible to have a care manager on your health care team unless you are getting certain services that already provide care management. A “care manager” is a specially trained health care worker who works with you and all your health care providers, including your doctors, to make sure you get the right care when and where you

need it. The care manager knows what resources are available in your community and will work with local providers to get you the help you need.

Your care manager will belong to one of the following groups or organizations:

- **Advanced Medical Homes Plus (AMH+).** Certain primary care providers (PCPs) across the state see a lot of Tailored Plan members. These providers are called Advanced Medical Homes Plus (AMH+) and have a lot of experience working with people with behavioral health conditions, intellectual/developmental disability (I/DD) or a traumatic brain injury (TBI) and will have care managers to help their patients.
- **A local behavioral health, I/DD or TBI services provider.** Certain service providers with experience working with people with behavioral health conditions, I/DD and TBI will work with Sandhills Center to provide tailored care management for its members. These organizations are called **Tailored Care Management Providers**
- **Sandhills Center.** Your care manager may work for us and will help you coordinate and connect you to local services to address your health-related needs.

If you are getting NC Innovations waiver or NC TBI waiver services, your care manager will work with those providers and help you get those services.

Sandhills Center will match you to a care manager that has specialized training to meet your needs. You may change your care manager twice a year for any reason and at any time with a good reason (good cause). You can choose not to have a care manager at any time by calling Member and Recipient Services at 1-800-256-2452.

Your care manager can:

- Help arrange your appointments and transportation to and from your doctor
- Support you in reaching your goals to better manage your ongoing health conditions
- Answer questions about what your medicines do and how to take them
- Follow up with your doctors or specialists about your care
- Connect you to helpful resources in your community
- Help you continue to receive the care you need if you switch health plans or doctors

To help you manage your health care needs, your care manager will ask about your health concerns and create a care plan with your input in person that lists your specific goals and ways to reach them. This care plan will cover your complete health and other related needs as needed, including:

- Physical health
- Behavioral health
- I/DD

- TBI
- Long-term services and supports
- Health-related resource needs

Your care manager may use your health records, discussions with other health care and social services providers, and other documents to help create the care plan. The care plan will also list services in the community that can help you reach your health goals. Your care manager will review your care plan at least once a year or when your circumstances, needs or health condition change significantly. You may also ask for a review of your care plan at any time.

Your care manager will work with a team of health care professionals, service providers and people with lives like yours (e.g., Peer Support Specialists) who will help you get services in your community to address your care needs. Your tailored care management team will generally include your PCP, behavioral health, I/DD and TBI providers, and other health care professionals who can help you with your needs and goals. Your care manager will task one of the members of your team to help you get each service listed in your care plan. Your care manager can work with family members and friends on this team if you want.

As part of the tailored care management process, your care manager will meet with you regularly, either in person, over the phone or using video chat. Your care manager will also have regular conversations with your tailored care management team to make sure it is helping you make progress on your health goals and getting you the services that you need. Your care manager will also track and monitor the services you receive to ensure they are coordinated. Your health needs and goals will be at the center of the tailored care management process, and you will have an important role in creating your care plan and making decisions on your care.

You will get information from Sandhills Center in the mail about:

- Your assigned Tailored Care Management Provider and how to make a change
- How to leave the tailored care management program
- When your information will be shared with others
- How to make appeals and grievances

Your care manager will be in touch with you soon after you enroll to find out what care you need and to help you with appointments. Your care manager or someone from your care team is available to you 24 hours a day, 7 days a week. To learn more about how you can get extra support to manage your health, talk to your PCP or care manager, or call Member and Recipient Services at 1-800-256-2452.

Community Inclusion

Some members may require services and supports that are sometimes provided in long-term facility settings, such as a state psychiatric hospital, adult care home (ACH) or intermediate care facility for individuals with intellectual or developmental disabilities (ICF-IID). Sandhills Center will reach out to individuals living in these types of facilities to explain the choice members have to leave these facilities and live in community settings. Sandhills Center may also contact family

and friends with the member's permission. Sandhills Center will work with members living in these types of facilities who choose to leave to create a plan to receive services in their homes and communities. A care manager will work with the member to prepare them for the move and continue to work with them once they move to the community to make sure they have the right services and supports.

Members leaving facility settings who require long-term housing supports may also be eligible for the Transitions to Community Living (TCL) program. To learn more about Sandhills Center's Community Inclusion and Transitions to Community Living programs, contact your care manager, or call Member and Recipient Services at 1-800-256-2452.

Diversion

Sandhills Center will provide diversion interventions to eligible members who are at risk of requiring supports in an institutional setting or adult care home. We will work with you to provide information on and access to community-based services. For those who choose to remain in the community, we will work with you to create a community integration plan to ensure this decision was based on informed choice and to provide services and support, including permanent supported housing as needed.

System of Care

Sandhills Center will use the System of Care model to support children and youth receiving behavioral health services. North Carolina's System of Care model brings together a group of community-based services, including those provided by the Sandhills Center and those provided through schools and other state agencies, such as juvenile justice or child welfare. System of Care Family Partners are available to support families to ensure the services that a child and their family are receiving are coordinated and address the specific needs and strengths of both child and family. Family Partners can also work with families on the development of care plans. For more information, families can contact their child's care manager or they can reach out to Member and Recipient Services at 1-800-256-2452. Families may also reach out to their local System of Care Community Collaborative to learn about local resources for Sandhills Center members:

Other Programs to Help You Stay Healthy

Sandhills Center wants to help you and your family get and stay healthy. If you want to quit smoking or are a new mom who wants to learn more about how to best feed your baby, we can connect you with the right program for support.

Call Member and Recipient Services at 1-800-256-2452 to learn more about:

- Tobacco cessations services to help you stop smoking or using other tobacco products
- Women, Infants and Children (WIC) special supplemental nutrition program
- Newborn screening program
- Hearing screening program
- Early intervention program

Members can be referred to the prevention and population health programs by self-referral, family referral, provider referral or directly from Sandhills Center.

As an added service, Sandhills Center offers members complex care management services. This is a benefit that connects you with a care manager trained to help members with any mental health issue, substance abuse disorder, or intellectual and developmental disability (IDD) who may also need medical and social support. If you find yourself wanting to quit smoking or lose weight or make a change to your lifestyle, we can connect you with the right program.

Pregnancy Management and High-Risk Pregnancy Support

Sandhills Center understands that being pregnant is a happy moment and wants to support you and your baby during and after pregnancy. Sandhills Center can connect you with a maternity Care Manager that is able to support you throughout your pregnancy, provide support and education of high-risk symptoms and the importance of prenatal care and well-child care, help you choose the right doctor and arrange prenatal and postpartum visits, and provide resources to help you and your baby have a healthy start.

Sandhills Center also provides additional programs to help focus on preventing members who are prescribed and using opioid pain medication and may be at risk of developing a more serious opioid use problem with additional support through our Opioid Misuse and Prevention and Treatment Program and Pharmacy Lock-In Program, described below.

Opioid Misuse Prevention Program

Opioids are powerful prescription medications that can be the right choice for treating severe pain. However, opioids may also have serious side effects, such as addiction and overdose. Sandhills Center supports safe and appropriate opioid use through our Opioid Misuse Prevention Program. If you have any questions about our program, call Member and Recipient Services at 1-800-256-2452.

Pharmacy Lock-in Program

The Pharmacy Lock-In Program helps identify members who are at risk for possible overuse or improper use of pain medications (opioid analgesics) and nerve medications (benzodiazepines and certain anxiolytics). The Pharmacy Lock-In Program also helps identify members who get the medications from more than one prescriber (doctor, nurse practitioner or physician's assistant). If you qualify for this program, Sandhills Center will only pay for your pain medications and nerve medications when:

- Your medications will be ordered by one prescriber. You will be given a chance to pick a prescriber in the Sandhills Center network.
- You will have these prescriptions filled from one pharmacy. You will have the chance to pick a pharmacy in Sandhills Center's network.

If you qualify for Pharmacy Lock-In Program, you will be in the program for a 2-year period. If you do not agree with our decision that you should be in the program, you can appeal our decision before you are placed in the program (see page 58 for more information on Appeals).

Benefits You Can Get from Sandhills Center OR an NC Medicaid Direct Provider

You can choose where to get some services. You can get these services from providers in the Sandhills Center network or from another Medicaid provider. You do not need a referral from your primary care provider (PCP) to get these services. If you have any questions, talk to your PCP or call Member and Recipient Services at 1-800-256-2452.

HIV and STI Screening

You can get human immunodeficiency virus (HIV) and sexually transmitted infection (STI) testing, treatment and counseling services any time from your PCP or Sandhills Center doctors. When you get this service as part of a family planning visit, you can go to any doctor or clinic that takes Medicaid and offers family planning services. You do not need a referral when you get this service as part of a family planning visit.

You can choose to go either to your PCP or to the local health department for diagnosis and treatment. You do not need a referral to go to the local health department.

Early and Periodic Screening, Diagnostic and Treatment (EPSDT): The Medicaid Health Benefit for Members under Age 21

Members under age 21 (excluding NC Health Choice members) have access to a broad menu of federal health care benefits referred to as “Early and Periodic Screening, Diagnosis and Treatment Services.” The “EPSDT guarantee” covers wellness visits and treatment services.

Early and Periodic Screening and Diagnosis

These “screening” visits are wellness care. They are free for members under age 21. These visits include a complete exam, free vaccines and vision, and hearing tests. Your provider will also watch your child’s physical and emotional growth and well-being at every visit and diagnose any conditions that may exist. At these visits, you will get referrals to any treatment services your child needs to get well and to stay healthy.

The “T” in EPSDT: Treatment for Members under Age 21

Sometimes children need medical treatment for a health problem. Sandhills Center might not offer every service covered by the federal Medicaid program. When a child needs treatment, we will pay for any service that the federal government’s Medicaid plan covers. The proposed treatment must be evaluated on its ability to treat, fix or improve your child’s health problem or condition. This decision is made specifically for your child. Sandhills Center cannot deny your child’s service just because of a policy limit. Also, we cannot deny a service just because that service is not included in our coverage policies. We must complete a special EPSDT review in these cases.

When Sandhills Center approves services for children, important rules apply:

- There are no copays for Medicaid covered services to members under age 21.
- There are no limits on how often a service or treatment is given.
- There is no limit on how many services the member can get on the same day.
- Services may be delivered in the best setting for the child’s health. This might include a school or a community setting.

You will find the entire menu of Medicaid-covered services in the Social Security Act. The federal Medicaid program covers a broad menu of medical care, including:

- Dental services
- Comprehensive health screening services (well-child checks, developmental screenings and immunizations)
- Health education
- Hearing services
- Home health services
- Hospice services

- Inpatient and outpatient hospital services
- Lab and X-ray services
- Mental health services
- Personal care services
- Physical and occupational therapy
- Prescription drugs
- Prosthetics
- Rehabilitative and therapy services for speech, hearing and language disorders
- Transportation to and from medical appointments
- Vision services
- Any other necessary health services to treat, fix or improve a health problem

If you have questions about EPSDT services, talk with your child's PCP. You can also find out more about the federal EPSDT guarantee online. Visit our website at <https://www.sandhillscenter.org/> or go to the NC Medicaid EPSDT webpage at <https://medicaid.ncdhhs.gov/medicaid/get-started/find-programs-and-services-right-you/medicaids-benefit-children-and-adolescents>.

Benefits Covered by NC Medicaid Direct but Not by Your Health Plan

There are some Medicaid and NC Health Choice services that Sandhills Center **does not** cover, but if you need them, the services are covered for you by the NC Medicaid Direct program. You can get these services from any provider who takes Medicaid:

- Dental services
- Services provided or billed by Local Education Agencies that are included in your child's Individualized Education Program, Individual Family Service Plan, section 504 Accommodation Plan, Individual Health Plan or Behavior Intervention Plan
- Services provided and billed by Children's Developmental Agencies (CDSA), or by a provider contracted with a CDSA to provide those services, that are included in your child's Individualized Family Service Plan
- Fabrication of eyeglasses, including complete eyeglasses, eyeglass lenses and ophthalmic frames (see page 38 for more information on vision services)

If you have questions or need help with accessing benefits you can only get through NC Medicaid Direct, talk with your primary care provider (PCP) or call Member and Recipient Services at 1-800-256-2452.

- Services for which you need prior authorization in advance, and you did not get it
- Medical services provided out of the United States
- Tattoo removal

This list does not include all services that are not covered. To determine if a service is not covered, call Member and Recipient Services at 1-800-256-2452.

A provider who agrees to accept Medicaid generally cannot bill you. You may have to pay for any service that your PCP or Sandhills Center does not approve. Or, if before you get a service, you agree to be a "private pay" or "self-pay" patient, you will have to pay for the service. This includes:

- Services not covered (including those listed above)
- Unauthorized services
- Services provided by providers who are not part of Sandhills Center

If You Get a Bill

If you get a bill for a treatment or service you do not think you owe, **do not ignore it**. Call Member and Recipient Services at 1-800-256-2452 right away. We can help you understand why you received a bill. If you are not responsible for payment, Sandhills Center will contact the provider and help fix the problem for you.

You have the right to ask for an appeal and a State Fair Hearing if you think you are being asked to pay for something Medicaid or Sandhills Center should cover. See the Appeals section on page 58 in this handbook for more information. If you have any questions, call Member and Recipient Services at 1-800-256-2452.

Asking for approval of a treatment or service is called a “service authorization request.” To get approval for these treatments or services you need to:

Ask your provider to send a Service Authorization Request (SAR) to Sandhills Center via the Sandhills Center web portal. Your pharmacist may submit a SAR through the web portal or by phone, fax, or U.S. Mail:

Phone: 1-800-256-2452

Fax: (336) 389-6543

U.S. Mail: P.O. Box 9, West End, NC 27376 – Attention UM

What Happens after We Get Your Service Authorization Request?

Sandhills Center uses a group of qualified health care professionals for reviews. Their job is to be sure that the treatment or service you asked for is covered by our health plan and that it will help with your medical condition. Sandhills Center nurses, doctors and behavioral health clinicians will review your provider’s request.

Sandhills Center uses policies and guidelines approved by the North Carolina Department of Health and Human Services (NCDHHS) to see if the service is medically necessary.

Sometimes Sandhills Center may deny or limit a request your provider makes. This decision is called an “adverse benefit determination.” When this happens, you can request any records, standards and policies we used to decide on your request.

If you receive a denial and you do not agree with our decision, you may ask for an “appeal.” You can call or send in the appeal form you will find with your decision notice. See page 58 for more information on appeals.

Prior Authorization Requests for Children under Age 21 (Applies to Medicaid Members Only)

Special rules apply to decisions to approve medical services for children under age 21. Sandhills Center cannot say no to a request for children under age 21 just because of our plan policies, policy limits or rules. We must complete another review to help approve needed care. Sandhills Center will use federal EPSDT guidelines for this review. These rules help Sandhills Center take a careful look at:

- Your child’s health problem
- The service or treatment your provider asked for

Sandhills Center must approve services that are not included in our coverage policies when our review team finds that your child needs them to get well or to stay healthy. This means that the Sandhills Center review team must agree with your provider that the service will:

- Correct or improve a health problem
- Keep the health problem from getting worse
- Prevent the development of other health problems

Important Details about Services Coverable by the Federal EPSDT Guarantee

- Your provider must ask Sandhills Center for the service.
- Your provider must ask us to approve services that are not covered by Sandhills Center.
- Your provider must explain clearly why the service is needed to help treat your child’s health problem. Sandhills Center’s EPSDT reviewer must agree. We will work with your provider to get any information our team needs to make a decision. Sandhills Center will apply EPSDT rules to your child’s health condition. Your provider must tell us how the service will help improve your child’s health problem or help keep it from getting worse.

Sandhills Center must approve these services with an “EPSDT review” *before* your provider gives them.

To learn more about the Medicaid health plan for children (EPSDT), see page 50, visit our website at <https://www.sandhillscenter.org/> and visit the state of North Carolina website for the EPSDT guarantee at <https://medicaid.ncdhhs.gov/epsdt>.

Preauthorization and Timeframes

We will review your request for a preauthorization within the following timeframes:

- **Standard review:** A decision will be made within 14 days after we receive your request.
- **Expedited (fast track) review:** A decision will be made, and you will hear from us within 3 days of your request.
- In most cases, you will be given at least 10 days’ notice if any change (to reduce, stop or restrict services) is being made to current services. **If we approve a service and you have started to receive that service, we will not reduce, stop or restrict the service during the approval period unless we determine the approval was based on information that was known to be wrong.**
- If we deny payment for a service, we will send a notice to you and your provider the day the payment is denied. These notices are not bills. **You will not have to pay for any care you received *that was covered by Sandhills Center or by Medicaid*, even if we later deny payment to the provider.**

You Can Help with Plan Policies

We value your ideas. You can help us develop policies that best serve our members. We have several member committees in our health plan or with NCDHHS, like:

- Sandhills Center Consumer and Family Advisory Committee (CFAC) – a group that meets at least quarterly where you can give input on our programs and policies.
- Sandhills Center Long-Term Services and Supports (LTSS) Advisory Committee – a group that meets at least quarterly where you can give input on our Long-Term Services and Supports programs and policies.
- Medical Care Advisory Committee (MCAC) – a statewide group that gives advice to NC Medicaid about Medicaid and NC Health Choice medical care policies and quality of care.
- State Consumer and Family Advisory Committee (CFAC) – a statewide group that gives advice to NC Medicaid and lawmakers to help them plan and manage the state's behavioral health program.

Call Member and Recipient Services at 1-800-256-2452 to learn more about how you can help.

Medicaid Service Appeals

Sometimes Sandhills Center may decide to deny or limit a request your provider makes for you for Medicaid benefits or services offered by our health plan. This decision is called an "adverse

benefit determination.” You will receive a letter from Sandhills Center notifying you of any adverse benefit determination. Medicaid and NC Health Choice members have a right to appeal adverse benefit determinations to Sandhills Center. You have 60 days from the date on your letter to ask for an appeal. When members do not agree with our decisions on an appeal, they can ask the NC Office of Administrative Hearings for a State Fair Hearing.

When you ask for an appeal, Sandhills Center has 30 days to give you an answer. You can ask questions and give any updates (including new medical documents from your providers) that you think will help us approve your request. You may do that in person, in writing or by phone.

You can ask for an appeal yourself. You may also ask a friend, a family member, your provider or a lawyer to help you. You can call Sandhills Center at 1-800-256-2452 or visit our website at <https://www.sandhillscenter.org/> if you need help with your appeal request. It’s easy to ask for an appeal by using one of the options below:

- **MAIL:** Fill out and sign the Appeal Request Form in the notice you receive about our decision. Mail it to the address listed on the form. We must receive your form no later than 60 days after the date on the notice.
- **FAX:** Fill out, sign, and fax the Appeal Request Form in the notice you receive about our decision. You will find the fax number listed on the form. We must receive your form no later than 60 days after the date on the notice.
- **BY PHONE:** Call 1-800-256-2452 and ask for an appeal. When you appeal, you and any person you have chosen to help you can see the health records and criteria Sandhills Center used to make the decision. If you choose to have someone help you, you must give them permission.
- **IN PERSON:** You may visit us at our offices at one of the below addresses. Ask to speak to a UM Appeals Coordinator when you arrive.

3802 Robert Porcher Way
Greensboro, NC 27410
or
185 Grant Street
West End, NC 27376

You can also contact the **NC Medicaid Ombudsman** to get more information about your options. See page 78 for more information about the NC Medicaid Ombudsman.

Expedited (Faster) Appeals

You or your provider can ask for a faster review of your appeal when a delay will cause serious harm to your health or to your ability to attain, maintain or regain your good health. This faster review is called an expedited appeal.

You and your provider can ask for an expedited appeal by calling us at 1-800-256-2452.

You can ask for an expedited appeal by phone, by mail or by fax. There are instructions on your Appeal Request Form that will tell you how to ask for an expedited appeal.

Provider Requests for Expedited Appeals

If your provider asks us for an expedited appeal, we will give a decision no later than 72 hours after we get the request for an expedited appeal. We will call you and your provider as soon as there is a decision. We will send you and your provider a written notice of our decision within 72 hours from the day we received the expedited appeal request.

Member Requests for Expedited Appeals

Sandhills Center will review all member requests for expedited appeals. If your request for an expedited appeal is denied, we will call you during our business hours promptly following our decision. We also will tell you and the provider in writing if your request for an expedited appeal is denied. We will tell you the reason for the decision. Sandhills Center will mail you a written notice within 2 calendar days.

If you do not agree with our decision to deny an expedited appeal request, you may file a grievance with us (see page 62 for more information on grievances).

When we deny a member's request for an expedited appeal, there is no need to make another appeal request. The appeal will be decided within 30 days of your request. In all cases, we will review appeals as fast as a member's medical condition requires.

Timelines for Standard Appeals

If we have all the information we need, we will make a decision on your appeal within 30 days from the day we get your appeal request. We will mail you a letter to tell you about our decision. If we need more information to decide about your appeal, we:

- Will write to you and tell you what information is needed;
- Will explain why the delay is in your best interest; and
- May take an additional 14 days to decide your appeal if you request it or there is a need for additional information and the delay is in your best interest.

If you need more time to gather records and updates from your provider, just ask. You or a helper you name may ask us to delay your case until you are ready. Ask for an extension by calling Member and Recipient Services at 1-800-256-2452 or writing to P.O. Box 9, West End, NC 27376.

Decisions on Appeals

When we decide your appeal, we will send you a letter. This letter is called a "Notice of Decision." If you do not agree with our decision, you can ask for a State Fair Hearing. You can ask for a State Fair Hearing within 120 days from the date on the Notice of Decision.

State Fair Hearings

If you do not agree with Sandhills Center's decision on your appeal, you can ask for a State Fair Hearing. In North Carolina, State Fair Hearings include an offer of a free and voluntary mediation session. This meeting is held before your State Fair Hearing date.

Free and Voluntary Mediations

When you ask for a State Fair Hearing, you will get a phone call from the Mediation Network of North Carolina. The Mediation Network will call you within 5 business days after you request a State Fair Hearing. During this call you will be offered a mediation meeting. The state offers this free meeting to help resolve your disagreement quickly. These meetings are held by phone.

You do not have to accept this meeting. You can ask to schedule just your State Fair Hearing. When you do accept, a Mediation Network counselor will lead your meeting. This person does not take sides. A member of Sandhill Center's review team will also attend. If the meeting does not help with your disagreement, you will have a State Fair Hearing.

State Fair Hearings

State Fair Hearings are held by the NC Office of Administrative Hearings (OAH). An administrative law judge will review your request along with new information you may have. The judge will make a decision on your service request. You can give any updates and facts you need to at this hearing. A member of Sandhills Center's review team will attend. You may ask questions about the Sandhills Center's decision. The judge in your State Fair Hearing is not a part of Sandhills Center in any way.

It is easy to ask for a State Fair Hearing. Use one of the options below:

- **MAIL:** Fill out and sign the State Fair Hearing Request Form that comes with your notice. Mail it to the addresses listed on the form.
- **FAX:** Fill out, sign and fax the State Fair Hearing Request Form that comes with your notice. You will find the fax numbers you need listed on the form.
- **BY PHONE:** Call OAH at 1-984-236-1860 and ask for a State Fair Hearing. You will get help with your request during this call.

If you are unhappy with your State Fair Hearing decision, you can appeal to the North Carolina Superior Court in the county where you live. You have **30 days** from the day you get your decision from your State Fair Hearing to appeal to the Superior Court.

State Fair Hearings and Disenrollment Decisions

If you disagree about a decision to change your health plan, you can ask for a State Fair Hearing. The process to ask for a State Fair Hearing for disenrollment decisions is different than the process to ask for a State Fair Hearing when Sandhills Center limits or denies a service that you requested. For more information about requesting a State Fair Hearing for disenrollment decisions, see page 73.

Continuation of Benefits During an Appeal

Sometimes Sandhills Center's decision reduces or stops a health care service you are already getting. You can ask to continue this service without changes until your appeal is finished. You can also ask the person helping you with your appeal to make that request for you. Your provider cannot ask for your services to continue during an appeal.

The rules in the section are the same for appeals and State Fair Hearings.

There are special rules about continuing your service during your appeal. Please read this section carefully!

You will get a notice if Sandhills Center is going to reduce or stop a service you are receiving. You have 10 calendar days from the date we send the letter to ask for your services to continue. The notice you get will tell you the exact date. The notice will also tell you how to ask for your services to continue while you appeal.

If you ask for your services to continue, Sandhills Center will continue your services from the day you ask for them to continue until you the day get your appeal decision. You or your authorized representative may contact Member and Recipient Services at [Member and Recipient Services Toll-Free Number] or contact the Appeals Coordinator on your adverse benefit determination letter to ask for your service to continue until you get a decision on your appeal.

Your appeal might not change the decision the health plan made about your services. When this happens, Medicaid allows Sandhills Center to bill you for services we paid for during your appeal. We must get approval from NC Medicaid before we can bill you for services we paid for during your appeal.

Appeals During Your Transition Out of Sandhills Center

If you decide to leave Sandhills Center, your appeal may be impacted by this transition. Please see below for additional information for how we will process appeals at transition. If you will be transitioning out of our health plan soon and have an appeal with us, please contact Member and Recipient Services at 1-800-256-2452 for additional information.

We will still process your appeal even after you leave the Sandhills Center health plan. If your appeal is decided in your favor, we will authorize and pay for any services that are eligible for coverage. For example:

You appeal denied services that were requested from dates of service July 1st through July 31st. You leave the Sandhills Center health plan on July 15th. You are still eligible for Sandhills Center coverage from July 1st through July 14th. Sandhills Center processes your appeal, and your request is approved during the appeal. Sandhills Center will authorize and fund your services from July 1st through July 14th. Sandhills Center will inform your new health plan of the outcome of the appeal. Your new health plan may be responsible for authorizing and funding dates of service July 15th through July 31st. Sandhills Center is not responsible for funding dates of service July 15th through July 31st.

If You Have Problems with Your Health Plan, You Can File a Grievance

We hope our health plan serves you well. If you are unhappy or have a complaint, you may talk with your primary care provider, and you may call Member and Recipient Services at 1-800-256-2452 or write to P.O. Box 9, West End, NC 27376 at any time.

A grievance and a complaint are the same thing. Contacting us with a grievance means that you are unhappy with your health plan, provider or your health services. Most problems like this can be solved right away. Whether we solve your problem right away or need to do some work, we will record your call, your problem and our solution. We will inform you that we have received your grievance in writing. We will also send you a written notice when we have finished working on your grievance.

Transition of Care

Your Care When You Change Health Care Options or Providers

- If you join Sandhills Center from another health care option, we will work with your previous health care option to get your health information, like your service history, service authorizations and other information about your current care into our records.
- You can finish receiving any services that have already been authorized by your previous health care option. After that, if necessary, we will help you find a provider in our network to get any additional services if you need them.
- In almost all cases, your providers under your former health plan will also be Sandhills Center providers. If your provider is not part of our network, there are some instances when you can still see the provider that you had before you joined Sandhills Center. You can continue to see your provider if:
 - At the time you join Sandhills Center, you are receiving an ongoing course of treatment or have an ongoing special condition, such as an intellectual or developmental disability, mental health diagnosis, substance use disorder or traumatic brain injury. In that case, you can ask to keep your provider for up to 180 days.
 - You are more than 3 months pregnant when you join Sandhills Center and you are getting prenatal care. In that case, you can keep your provider until after your delivery and for up to 60 days of post-partum care.
 - You are pregnant when you join Sandhills Center and you are receiving services from a behavioral health treatment provider. In that case, you can keep your provider until after your delivery.
 - You have a surgery, organ transplant or inpatient stay already scheduled that your provider is doing. In these cases, you may be able to stay with your provider through the scheduled procedure, discharge from the hospital and for up to 90 days of follow-up care.

- You are terminally ill, and the provider is supporting you in your care. You are considered terminally ill if you have been told by your provider that he or she expects you have 6 months or less to live. In that case, you can keep your provider for the remainder of your life.
- If your provider leaves Sandhills Center, we will tell you in writing within 15 days from when we know this will happen. If the provider who leaves Sandhills Center is your primary care provider (PCP), we will tell you in writing within 7 days from when we know this will happen. We will tell you how you can choose a new PCP or how we will choose one for you if you do not make a choice within 30 days.
- If you want to continue receiving care from a provider who is not in our network, the provider is required to submit a completed application along with the documentation to prove the need for the service.
 - Single Case Agreements are requested either through our Care Management department directly from the non-contracted provider, or the provider may contact the Network Development Contract Specialist directly at providersca@sandhillscenter.org.
 - Members can contact the Network Development Contract Specialist directly at 336-389-6184 to inquire on the status of the request.
 - Once the completed application is received from the provider, the application will be processed and a determination will be made within ten (10) business days from the day of receipt.
 - The Network Development Contract Specialist will notify the provider and member of the decision in writing.
- Sandhills Center will help you move to a new care manager if necessary. Your current and new care manager will work together to come up with a plan to make sure you continue to receive the care you need.

If you have any questions, call Member and Recipient Services at 1-800-256-2452.

Changes to Your Health Care Option (Disenrollment)

You are enrolled in Sandhills Center, an NC Medicaid Managed Care Behavioral Health and I/DD Tailored Plan, because of the health care services that you need that may only be offered by our health plan. Your Tailored Plan is based on the county of your Medicaid eligibility. Only one

Tailored Plan provides services in each county in the state, so you cannot choose a different Tailored Plan.

You are enrolled in Sandhills Center, but you may choose to get health care services from a different NC Medicaid health care option that you qualify for. In addition to the Tailored Plan, other health care options that you **may** qualify for include:

- **Standard Plan.** A Standard Plan is a NC Medicaid and NC Health Choice health plan that offers physical health, pharmacy, care management and basic behavioral health services for members. A Standard Plan offers added services for members who qualify. The added services may be different for each Standard Plan.
- **EBCI Tribal Option.** The EBCI Tribal Option is the primary care case management entity (PCCMe) created by the Cherokee Indian Hospital Authority (CIHA). It manages the primary care needs of federally recognized tribal members and others who qualify for services through Indian Health Service and live in Cherokee, Haywood, Graham, Jackson or Swain County or in a neighboring county of the 5-county region. The EBCI Tribal Option includes care coordination by Vaya Health for a mental health disorder, substance use disorder, intellectual/developmental disability or traumatic brain injury. The EBCI Tribal Option offers added services for members who qualify.
- **NC Medicaid Direct.** NC Medicaid Direct is North Carolina's health care program for Medicaid beneficiaries who are not enrolled in NC Medicaid Managed Care. NC Medicaid Direct includes care coordination provided by Community Care of North Carolina, the PCCMe, and 6 LME/MCOs that coordinate services for a mental health disorder, substance use disorder, intellectual/developmental disability or traumatic brain injury.

You **may** qualify to get care and services from one of the health care options listed above. To get more information on the health care options that you qualify for, you can contact the Enrollment Broker using any of the following ways:

- Go to ncmedicaidplans.gov.
- Use the NC Medicaid Managed Care mobile app. To get the free app, search for **NC Medicaid Managed Care** on Google Play or the App Store.
- Call the Enrollment Broker at **1-833-870-5500** (TTY: 711 or RelayNC.com).

Remember: There are certain services for a mental health disorder, substance use disorder, intellectual/developmental disability or traumatic brain injury that you may need that are only offered by the Tailored Plan. For more information on the services only offered by Tailored Plans, see page 34.

If you qualify, you can ask to move to a different health care option at any time and for any reason. See below for instructions on how to ask to move to a different health care option.

If the Enrollment Broker cannot reach you to explain your choices, your request to move a Standard Plan will be denied. If you disagree with the decision to deny your request to move to a Standard Plan, you can appeal by requesting a State Fair Hearing. For more information on how to request a State Fair Hearing for disenrollment decisions, see page 73.

How to Request to Move to a Standard Plan if Getting Certain Services

If you are currently getting any of the following services, there are more steps that you must take before you can ask to move to a Standard Plan:

- Services through the NC Innovations waiver program
 - NC Innovations waiver participants can choose to leave their waiver program at any time. If you are currently getting NC Innovations waiver services, you must leave the waiver program before asking to move to a Standard Plan. **If you leave the NC Innovations waiver program, you will lose access to the NC Innovations Waiver services.**
 - If you want to leave the NC Innovations waiver, you can contact your care manager or Member and Recipient Services at 1-800-256-2452/1-866-518-6778

(TTY). Sandhills Center will require you to sign a document saying you want to leave the NC Innovations waiver program.

- Services in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF-IID)
 - You can choose to leave an ICF-IID at any time. If you are currently living in an ICF-IID, you must leave the ICF-IID before asking to move to a Standard Plan. **If you leave the ICF-IID, you may not be able to return to that facility even if you stay in or move back to the Tailored Plan.**
 - If you want to leave the ICF-IID, you must contact your care manager or Member and Recipient Services at 1-800-256-2452/1-866-518-6778 (TTY) to make them aware you are leaving.
 - After you have contacted Sandhills Center, you will follow the steps in the “How to Request to Move to a Standard Plan” section listed on page 69 to contact the Enrollment Broker to ask to move to a Standard Plan (disenroll).

to a Standard Plan. **If you leave the State-funded Services program, you may not be able to return to the program or the State-funded residential home, even if you stay in or move back to the Tailored Plan.**

- If you want to leave the placement where you are getting State-funded Services, you must contact your care manager or Member and Recipient Services at 1-800-256-2452/1-866-518-6778 (TTY) to make them aware you are leaving.

How to Request to Move to the EBCI Tribal Option or NC Medicaid Direct

To move to the EBCI Tribal Option or NC Medicaid Direct, you can contact the Enrollment Broker using any of the following ways:

- Go to ncmedicaidplans.gov.
- Use the NC Medicaid Managed Care mobile app. To get the free app, search for **NC Medicaid Managed Care** on Google Play or the App Store.
- Call the Enrollment Broker at 1-833-870-5500 (TTY: 711 or RelayNC.com).

How to Request to Move Back to the Tailored Plan

If you move to a different health care option, but then need a service that is only offered by a Tailored Plan, you can ask to move back to Sandhills Center at any time. To ask to move back to Sandhills Center, you can contact the Enrollment Broker using any of the following ways:

If you still qualify for the Tailored Plan, you will be moved back. If you no longer qualify for the Tailored Plan, you may complete the Request to Move to the Tailored Plan: Beneficiary Form or your provider can complete the Request to Move to the Tailored Plan: Provider Form. You can find both forms at ncmedicaidplans.gov or you can call the Enrollment Broker at 1-833-870-5500 (TTY: 711 or RelayNC.com) to have the form sent to you.

Remember: There is not a guarantee that you will be able to return to your previous Waiver program or your previous residential placement if you move to a Standard Plan but then decide to move back to the Tailored Plan.

Expedited Requests to Change Health Care Options

If believe you have an **urgent medical need**, you can ask for faster action (expedited review) of your request to change health care options (disenroll). An urgent medical need means that the timing of the regular process will cause your life, your physical or mental health, or your ability to attain, maintain or regain maximum function to be in danger. If your request for an expedited review is approved, you will get a notice about your request to leave the Tailored Plan within 3 days of making the request.

Decisions on Requests to Change Health Care Options

If your request to change health care options is approved, you will get a notice in the mail telling you when the change starts (effective date). The effective date will be no later than the first day of the second month after the month that you asked to change health care options. If your request to change health care options is denied, you will get a notice in the mail telling you why your request was denied and how to appeal if you disagree with the decision.

Reasons Why You May Have to Leave Sandhills Center

There are also some reasons why you may have to leave Sandhills Center, even when you did not ask to leave our plan. The following are reasons why you may have to leave Sandhills Center when you did not ask to leave:

- If you lose your eligibility for the Tailored Plan:
 - You may lose your eligibility for the Tailored Plan if you do not have a qualifying mental health disorder, substance use disorder, I/DD or TBI condition, or have not used certain behavioral health services over a 24-month period.
 - If you are no longer eligible for the Tailored Plan, you will receive a letter letting you know that you will be moved to a Standard Plan to receive your benefits and services. If this happens, you can call the NC Medicaid Contact Center at 1-888-245-0179 for help.
- If you lose your Medicaid Managed Care program eligibility
 - You may lose your eligibility for the Medicaid Managed Care program if any of the following happens:
 - You stay in a nursing home for more than 90 days in a row (see page 39 for more information on nursing services).
 - You become eligible for and are transferred for treatment to a state-owned Neuro-Medical Center or a Department of Military & Veteran Affairs-operated Veterans Home.
 - You change Medicaid eligibility category.
 - You become incarcerated.
 - You begin receiving Medicare.

- If you are no longer eligible for Medicaid Managed Care, you will receive a letter letting you know that you will continue to receive your benefits and services through NC Medicaid Direct instead of through Sandhills Center. If this happens, you can call the NC Medicaid Contact Center at 1-888-245-0179 for help.
- If you lose your Medicaid or NC Health Choice eligibility
 - You may have to leave our health plan if you are notified that you are no longer eligible to receive benefits and services through the Medicaid or NC Health Choice programs. **If you are no longer eligible for Medicaid or NC Health Choice, you will receive a letter letting you know that all benefits and services that you may be receiving under the program will stop and information on how to appeal that decision if you disagree.** If this happens, call your local Department of Social Services.

State Fair Hearings for Disenrollment Decisions

You have a right to ask for a State Fair Hearing if you disagree with a disenrollment decision. State Fair Hearings are held by the NC Office of Administrative Hearings (OAH). You will have a chance to give more information and ask questions about the decision for you to make a change before an administrative law judge. The judge in your State Fair Hearing is not a part of Sandhills Center in any way. In North Carolina, State Fair Hearings include an offer of a free and voluntary mediation session that is held before your Hearing date (see page 61 for more information on mediations).

Requesting a State Fair Hearing for Disenrollment Decisions

If you disagree with a disenrollment decision, you have **30 days** from the date on the letter telling you of the decision to ask for a State Fair Hearing. You can ask for a State Fair Hearing yourself. You may also ask a friend, a family member, your provider or a lawyer to help you. You can call the Enrollment Broker at **1-833-870-5500** (TTY: 711 or RelayNC.com) if you need help with your State Fair Hearing request.

You can use one of the following ways to request a State Fair Hearing:

- **MAIL:** Fill out and sign the State Fair Hearing Request Form that comes with your notice. Mail it to the addresses listed on the form.
- **FAX:** Fill out, sign and fax the State Fair Hearing Request Form that comes with your notice. The fax numbers you need are listed on the form.
- **BY PHONE:** Call the OAH at **1-984-236-1860** and ask for a State Fair Hearing. You will get help with your request during this call. When you ask for a State Fair Hearing, you and any person you have chosen to help you can see the records and criteria used to make the decision. If you choose to have someone help you, you must give them permission. Include their name and contact information on the State Fair Hearing Request Form.

If you are unhappy with your State Fair Hearing decision, you can appeal to the North Carolina Superior Court in the county where you live. You have **30 days** from the day you get your decision from your State Fair Hearing Final Decision to appeal to the Superior Court.

Advance Directives

There may come a time when you become unable to manage your own health care. If this happens, you may want a family member or other person close to you making decisions on your behalf. By planning in advance, you can arrange now for your wishes to be carried out. An advance directive is a set of written directions you give about the medical and mental health care you want if you ever lose the ability to make decisions for yourself.

Making an advance directive is your choice. If you become unable to make your own decisions, and you have no advance directive, your doctor or behavioral health provider will consult with someone close to you about your care. Discussing your wishes for medical and behavioral health treatment with your family and friends now is strongly encouraged, as this will help to make sure that you get the level of treatment you want if you can no longer tell your doctor or other physical or behavioral health providers what you want.

North Carolina has 3 ways for you to make a formal advance directive. These include living wills, health care power of attorney and advance instructions for mental health treatment.

Living Will

In North Carolina, a “living will” is a legal document that tells others that you want to die a natural death if you:

- Become incurably sick with an irreversible condition that will result in your death within a short period of time.
- Are unconscious and your doctor determines that it is highly unlikely that you will regain consciousness.
- Have advanced dementia or a similar condition which results in a substantial loss of attention span, memory, reasoning and other brain functions, and it is highly unlikely the condition will be reversed.

In a living will, you can direct your doctor not to use certain life-prolonging treatments such as a breathing machine (called a “respirator” or “ventilator”), or to stop giving you food and water through a feeding tube.

A living will goes into effect only when your doctor and one other doctor determine that you meet one of the conditions specified in the living will. You are encouraged to discuss your wishes with friends, family and your doctor now, so that they can help make sure that you get the level of care you want at the end of your life.

Health Care Power of Attorney

A **health care power of attorney** is a legal document in which you can name 1 or more people as your health care agents to make medical and behavioral health decisions for you as you

become unable to decide for yourself. You can always say what medical or behavioral health treatments you would want and not want. You should choose an adult you trust to be your health care agent. Discuss your wishes with the people you want as your agents before you put them in writing.

Again, it is always helpful to discuss your wishes with your family, friends and your doctor. A health care power of attorney will go into effect when a doctor states in writing that you are not able to make or to communicate your health care choices. If, due to moral or religious beliefs, you do not want a doctor to make this determination, the law provides a process for a non-physician to do it.

Advance Instruction for Mental Health Treatment

An **advance instruction for mental health treatment** is a legal document that tells doctors and mental health providers what mental health treatments you would want and what treatments you would not want if you later become unable to decide for yourself. It can also be used to nominate a person to serve as guardian if guardianship proceedings are started. Your advance instruction for behavioral health treatment can be a separate document or combined with a health care power of attorney or a general power of attorney. An advance instruction for behavioral health may be followed by a doctor or behavioral health provider when your doctor or an eligible psychologist determines in writing that you are no longer able to make or communicate behavioral health decisions.

Forms You Can Use to Make an Advance Directive

You can register your advance directive with the NC Secretary of State's Office so that your wishes will be available to medical professionals. You can find the advance directive forms at www.sosnc.gov/ahcdr. The forms meet all the rules for a formal advance directive. For more information, you can also call 919-807-2167 or write to:

Advance Health Care Directive Registry
Department of the Secretary of State
P.O. Box 29622
Raleigh, NC 27626-0622

You can change your mind and update these documents at any time. We can help you understand or get these documents. They do not change your right to quality health care benefits. The only purpose is to let others know what you want if you cannot speak for yourself. Talk to your primary care provider (PCP) or call Member and Recipient Services at 1-800-256-2452 if you have any questions about advance directives.

Concerns About Abuse, Neglect and Exploitation

Your health and safety are very important. You should be able to lead your life without fear of abuse or neglect by others or someone taking advantage of you (exploitation). Anyone who suspects any allegations of abuse, neglect or exploitation of a child (age 17 or under) or disabled adult **must** report these concerns to the local Department of Social Services (DSS). A list of DSS locations can be found at ncdhhs.gov/localdss. There are also rules that no one will

be punished for making a report when the reporter is concerned about the health and safety of an individual.

Providers are required to report any concerns of abuse, neglect or exploitation of a child or disabled adult receiving mental health, substance use disorder, intellectual/developmental disability services (I/DD) or traumatic brain injury (TBI) services from an unlicensed staff to the local Department of Social Services (DSS) and the Healthcare Personnel Registry Section of the North Carolina Division of Health Service Regulation for a possible investigation. The link to the Healthcare Personnel Registry Section is www.ncnar.org/verify_listings1.jsp. The provider will also take steps to ensure the health and safety of individuals receiving services.

For additional information on how to report concerns, contact your care manager or Member and Recipient Services at 1-800-256-2452/1-866-518-6778 (TTY).

Fraud, Waste and Abuse

If you suspect that someone is committing Medicaid fraud, report it. Examples of Medicaid fraud include:

- An individual does not report all income or other health insurance when applying for Medicaid.
- An individual who does not get Medicaid uses a Medicaid member's card with or without the member's permission.
- A doctor or a clinic bills for services that were not provided or were not medically necessary.

You can report suspected fraud and abuse in any of the following ways:

- Call the Medicaid Fraud, Waste and Program Abuse Tip Line at 1-877-DMA-TIP1 (1-877-362-8471).
- Call the State Auditor's Waste Line at 1-800-730-TIPS (1-800-730-8477).
